

Annual Report 2018-2019

There have been many changes at the school in this year in terms of high expectation, communication, technology and above all academics. We have successfully stepped into the sixth year with extra feather as we are affiliated to CBSE board New Delhi with affiliation number 830 868.

At present there are 578 students and 35 teachers with 6 supporting staff.

Changes and development:

- At present we have fully fledged Biology lab, physics lab, and chemistry lab.
- A boundary wall on the all the four sides of the school.
- The library is added with the 3000 number of books for the academic year.
- The newly constructed platform and green room for the performance of the students.
- The main attraction of our school is garden on all sides which attracts the visitors and cherishes mind when they leave
- The Vast area Of the Ground is level up to encourage in sports.

RTE: (Right To education)

The School has got a smile on the faces and has given perfect platform to provide a bright future for 23 students who have been admitted to our school under the right Education Act.
